

Universal Coatings (Pty) Ltd | Reg No: 1982/10922/07

SAFETY DATA SHEET

DATA SHEET REV 3 OF 2016
UQD/S11

1. PRODUCT IDENTIFICATION AND COMPANY NAME

Product Name : Universal Paints Damp Sealer
Product Identification : Alkyd Based Paint
Supplier/Manufacturer : Universal Coatings (Pty) Ltd **Contact** : R. Diab,
G. Murchie
Address : 19 Staal Street **Tel** : (+27) 11 – 462 4284
Kya Sands **Fax** : (+27) 11 – 462 4293
Randburg
South Africa

2. COMPOSITION/INFORMATION ON INGREDIENTS

Resin Base : Alkyd Based Paint
Hazardous Components :
Mineral Turpentine <10% CAS No 64742-88-7 EC No 649-405-00-X
R Phrases R10, 20/21/65
S Phrases S2. 13, 43, 62

3. HAZARDS IDENTIFICATION

SAPMA Health Rating : 2-Moderate – Temporary or minor injury possible even if
Physical/Chemical Hazards treatment is given.
This paint is FLAMMABLE.
Human Health Hazards : *Respiration* : Harmful – Avoid excessive exposure to
vapours, fumes and mists.
: *Eyes* : Highly irritating and risk of irreversible damage.
: *Ingestion* : May be harmful if swallowed.
: *Skin* : Harmful by contact.
Environmental Hazards : Toxic to aquatic organisms. May cause short-term adverse effects
in the aquatic environment.
No carcinogenic, mutagenic or genetic effects established.

4. FIRST AID MEASURES

General : In all cases of doubt, or when symptoms persist, seek medical attention. Never
give anything by mouth to an unconscious person.
Inhalation : Move to a safe area with fresh air. Keep person warm and at rest. If not
breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial
respiration or oxygen by a trained person. Give nothing by mouth. If
unconscious, place in recovery position and seek medical advice.
Eye Contact : Rinse immediately with copious amounts of clean water. Seek medical help if
symptoms persist.
Ingestion : Wash mouth out with copious amounts of clean water. Do not induce vomiting.
Keep person warm and at rest. Seek medical advice immediately and show this
Safety Data Sheet to the medical officer.
Skin Contact : Remove contaminated clothing and shoes. Wash skin thoroughly with soap and
water or use a recognized skin cleanser. Do not use solvents or thinners.

5. FIRE-FIGHTING MEASURES

- Extinguishing Media** : Use foam, CO₂, dry powders and water mist. Do NOT use a high pressure water jet.
- Recommendations** : Decomposed products are a health hazard. Use appropriate breathing apparatus. Cool closed containers exposed to fire with foam not water jets to prevent ignition.

6. ACCIDENTAL RELEASE MEASURES

- Personal Precautions** : Ventilate the area. Avoid breathing in vapours. Remove all sources of ignition e.g. flames, sparks, static electricity and heat.
- Spill** : Contain and collect spillage with non-combustible absorbent material. Dispose of according to local regulations. Do not allow spillage to enter sewerage drains or watercourses.

7. HANDLING AND STORAGE

- Handling** : Keep container tightly closed. Keep away from heat, sparks and flame. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. After handling the material, workers should wash hands and face before eating, drinking and smoking. Always comply with health and safety regulations.
- Storage** : Store separately from any reactive substances – particularly oxidizing agents. Keep away from ignition sources. No smoking or open flames. Keep containers out of direct sunlight and keep cool.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

- Engineering Measures** : Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and solvent vapour below the OEL, suitable respiratory protection must be worn.
- Personal Protective Equipment** :
- Respiration** : Should ventilation be inadequate or if workers are exposed to concentrations above the exposure limit, appropriate certified respirators must be used.
- Eyes** : Use safety eyewear designed to protect against splash of liquids. Never touch eyes with dirty hands or gloves.
- Ingestion** : Observe the rules of hygiene. Wash hands and face before eating, drinking or smoking.
- Skin** : Use protective gloves. Wash immediately in case of contact.

9. PHYSICAL AND CHEMICAL PROPERTIES

- Appearance** : Opaque Liquid
- Flash Point (° Celsius)** : 37 ° Celsius
- Solubility** : Hydrocarbon solvents, Insoluble In Water
- Viscosity** : 72 - 78 KU

10. STABILTY AND REACTIVITY

- Stability** : Stable under recommended storage and handling conditions.
- Conditions to Avoid** : Ignition sources, flames, sparks, static and heat (use Earthing).
- Materials to Avoid** : Oxidizing agents, strong alkaline or acidic materials.

11. TOXICOLOGICAL INFORMATION

- No carcinogenic, mutagenic or genetic effects established.

12. ECOLOGICAL INFORMATION

- May have short-term environmental effects.
- Do not allow to enter drains or watercourses.

13. DISPOSAL CONSIDERATIONS

- Do not allow to enter drains or watercourses.
- Dispose of according to state and local applicable regulations.
- Exercise caution in the disposal of used containers.

TRANSPORT INFORMATION

SIN/UN Number : 1263
Shipping Name : Paint
Packaging Group : III
Class : 3.3

REGULATORY INFORMATION

R10 : Flammable
R20/21 : Harmful by inhalation and contact with the skin
R65 : May be harmful if swallowed
S2 : Keep out of reach of children
S13 : Keep away from food, drink and animal feed stuffs
S43 : In case of fire, use fog, foam or powder - **Do Not use water jets**
S62 : If swallowed, do not induce vomiting but seek medical advice immediately.

OTHER INFORMATION

Date of Printing : November 2016
Date if Issue : November 2016
Revision : 3
Notice : Take precautionary measures against static discharges.
In case of any discomfort always seek medical advice.
The information in this SDS is based on the present state of our knowledge and on current national laws. The product is not to be used for purposes other than those specified under Section 1. without first obtaining written handling instructions. It is always the responsibility of the user to take all necessary steps in order to fulfill the demand laid down in the local rules and legislation. The information in this SDS is meant as a description of the safety requirements of our product – it is not to be considered as a guarantee of the product's properties. No responsibility is accepted for errors or omissions or the consequences thereof.
