

5. FIRE-FIGHTING MEASURES

- Extinguishing Media** : Use foam, CO₂, dry powders and water mist. Do NOT use a high pressure water jet.
- Recommendations** : Decomposed products are a health hazard. Use appropriate breathing apparatus. Cool closed containers exposed to fire with foam not water jets to prevent ignition.

6. ACCIDENTAL RELEASE MEASURES

- Personal Precautions** : Ventilate the area. Avoid breathing in vapours. Remove all sources of ignition e.g. flames, sparks, static electricity and heat.
- Spill** : Contain and collect spillage with non-combustible absorbent material. Dispose of in accordance with local regulations. Do not allow spillage to enter sewerage drains or watercourses.

7. HANDLING AND STORAGE

- Handling** : Keep container tightly closed. Keep away from heat, sparks and flame. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. After handling the material, workers should wash hands and face before eating, drinking and smoking. Always comply with health and safety regulations.
- Storage** : Store in original container. Observe label precautions. Store in a cool, well-ventilated area away from incompatible materials and ignition sources. Keep away from oxidizing agents, strong alkaline and acids. No smoking. Containers which have been opened must be carefully resealed and kept upright to prevent leakage.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

- Engineering Measures** : Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and solvent vapour below the OEL, suitable respiratory protection must be worn.
- Personal Protective Equipment** :
- Respiration** : Should ventilation be inadequate or if workers are exposed to concentrations above the exposure limit, appropriate certified respirators must be used.
- Eyes** : Use safety eyewear designed to protect against splash of liquids. Never touch eyes with dirty hands or gloves.
- Ingestion** : Observe the rules of hygiene. Wash hands and face before eating, drinking or smoking.
- Skin** : Use protective gloves. Wash immediately in case of contact.
- Environmental Exposure Control** : Do not allow product to enter sewerage drains or watercourses.

9. PHYSICAL AND CHEMICAL PROPERTIES

- Appearance** : Red Liquid
- Flash Point (° Celsius)** : 27° Celsius
- Solubility** : Hydrocarbon solvents, Insoluble In Water
- Viscosity** : 67-72 KU

10. STABILTY AND REACTIVITY

Stability	: Stable under recommended storage and handling conditions.
Conditions to Avoid	: Ignition sources, flames, sparks, static and heat (use Earthing).
Materials to Avoid	: Oxidizing agents, strong alkaline or acidic materials.

11. TOXICOLOGICAL INFORMATION

- No carcinogenic, mutagenic or genetic effects established.

12. ECOLOGICAL INFORMATION

- May have short-term environmental effects.
- Do not allow to enter drains or watercourses.

13. DISPOSAL CONSIDERATIONS

- Do not allow to enter drains or watercourses.
- Dispose of according to state and local applicable regulations.
- Exercise Caution in the disposal of used containers.

14. TRANSPORT INFORMATION

SIN/UN Number	: UN 1300
Shipping Name	: Paint
Packaging Group	: III
Class	: 3.3

15. REGULATORY INFORMATION

R10	: Flammable
R20/21	: Harmful by inhalation and contact with the skin
R65	: May be harmful if swallowed
S2	: Keep out of reach of children
S13	: Keep away from food, drink and animal feed stuffs
S43	: In case of fire, use fog, foam or powder - Do Not use water jets
S62	: If swallowed, do not induce vomiting but seek medical advice immediately.

16. OTHER INFORMATION

Date of Printing	: November 2016
Date if Issue	: November 2016
Revision	: 3
Notice	: Take precautionary measures against static discharges. In case of any discomfort always seek medical advice. The information in this SDS is based on the present state of our knowledge and on current national laws. The product is not to be used for purposes other than those specified under Section 1. without first obtaining written handling instructions. It is always the responsibility of the user to take all necessary steps in order to fulfil the demand laid down in the local rules and legislation. The information in this SDS is meant as a description of the safety requirements of our product – it is not to be considered as a guarantee of the product's properties. No responsibility is accepted for errors or omissions or the consequences thereof.
